

We do not offer returns. We do not cancel orders, we ship quickly and try and get your purchase to you as quickly as possible. If there is ever an issue with the system arriving not as described, please contact me immediately so we can make it right. If there is an issue, we will make it right or replace it with the same item, if the same item is not available, we will offer a replacement of equal or greater value and/or a full refund. We do not do partial refunds, want our customers to receive the correct item in the correct condition so we would rather fix the issue or replace the system than have our customers deal with a faulty console. These are used systems, if there is any significant wear I try to mention it and/or include a picture. Colors may vary slightly from pictures due to lighting and the quality of the photo. All of my consoles are 100% authentic consoles and are NOT reshell. All listed software and menus on the systems are 100% in English unless stated otherwise.
